KEYNOTE PRESENTER - DECEMBER 6

Ronny Cabrera is a dynamic and energetic former teacher and coach, an active principal, and a motivational speaker with recognition from the National Speakers Association. Born in Santa Cruz, Bolivia, he holds Bachelor's and Master's degrees from the University of Texas Pan American and state certifications in teaching and administration. Cabrera is part of Texas Education Agency's 21st Century Principal Catalyst Program and a member of the

National Secondary School Principals Association. Early in his life, Cabrera learned some tough lessons, but also discovered how to turn the negatives he confronted into positive learning experiences. Through dedication, commitment, self-development, and self-discipline, he has learned to deal with adversity.

Cabrera understands the vital roles played by educators and employers in helping Rio Grande Valley students overcome their challenges and prepare for college-and-career success. He will share his desire, passion, and commitment as he encourages participants to make a difference in the well-being of the Valley by helping students and their families to achieve success. When the people of the Valley succeed, the Valley's economy benefits and lives of individuals and families are improved. Cabrera's remarks will inspire educators and employers to work together, serving as Superheroes in the lives of Valley students, their families, and the people of the Valley as a whole.
